

REQUEST FOR STREET LIGHT INFRASTRUCTURE REMOVAL FOR SMALL CELL INSTALLATION

The purpose of this application is to request the removal of existing street light infrastructure. This application is not intended to replace any required permit from the City of Dallas or the street light owner or any other entities involved. Street light infrastructure could include pole, fixture, cabling, and ancillary equipment. Completed forms should be returned to the identified contacts via the emails listed within the application.

Applicant		Contact Name	
Address		Email	
Phone		Date	
Existing Street Light Infrastructure Address(es), ZIP Code(s) and Latitude(s), Longitude(s) (Submit Recent Pictures and KMZ file)			
Existing Light Fixture Type(s), Mounting Height(s), and Adjacent Land Use			
Existing Pole Label(s)			
E911 Address of Proposed Replacement Pole			
I understand that prior to start of any activities within public ROW, I will need to obtain approval from all the entities (i.e. City of Dallas, Oncor, ...).
