## FLAMMABLE GAS

### APPLICATION CHECKLIST AND REQUIRED DOCUMENTS (FOR PLUMBING INSPECTION USE)

- COMPRESSED NATURAL GAS (CNG)       LIQUID NATURAL GAS (LNG)  
 LIQUIFIED PETROLEUM GAS (LP-GAS)       HYDROGEN GAS

By checking each requirement, you are stating that you have supplied correct and complete information. If the required information is not contained in the submitted documents, you will be notified of the deficiency. **Failure to supply the additional requested information may result in your application being delayed, denied, and eventually discarded.** A new application, complete plans, and a new checklist will be required for resubmittal for plan review. This resubmittal will be treated as new application and will be processed in the order of receipt.

### OTHER REQUIREMENTS OR SPECIAL PROVISIONS

- 1. An associated gas tank/piping permit must be accompanied by a flammable liquid application if in excess of 100-gallons water capacity
- 2. Piping within a structure must be performed by a master plumber with an endorsement from the Texas Railroad Commission, and a valid plumbing permit
- 3. Completed permit application form
- 4. Three copies of a site plan and architectural overlay drawn to scale, identifying location, size, tank capacity, valves, and fittings, and material to be used in piping
- 5. Manufactured specifications of the type of tank and related appurtenances
- 6. A copy of liability insurance

### ACKNOWLEDGEMENT
