PLUMBING PERMIT

APPLICATION CHECKLIST AND REQUIRED DOCUMENTS

(FOR PLUMBING PLAN REVIEW)

By checking each requirement, you are stating that you have supplied correct and complete information, for all plumbing systems detailed on the submitted plans. Plumbing systems include, but are not limited to, sanitary, storm, grease, acid dilution, medical gas & vacuum, gas, water, water reuse, gas appliance venting, and condensate. If the required information is not contained in the submitted documents, you will be notified of the deficiency. **Failure to supply the additional requested information may result in your application being delayed, denied, and eventually discarded.** A new application, complete plans, and a new checklist will be required for resubmittal for plan review. This re-submittal will be treated as new application and will be processed in the order of receipt.

BASED UPON THE SCOPE OF PLUMBING WORK FOR THE PERMITTED PROJECT, PLUMBING PLANS MUST INCLUDE THE FOLLOWING PLANS AND DETAILS ON THE ORIGINAL PLANS

- 1. Layout, size, and material of all yard piping outside of foundation underground (from source or point of connection to existing plumbing)
 - Type of System: Water, Gas, Sewer, Storm
 - Location of Interceptors/Separators (if applicable)
- 2. Layout, size, and material of all piping under slab or in crawl space under floor inside of foundation, (from the connection to the yard service or from the point of connection to existing plumbing) to all mains, branches, fixtures, and equipment
 - Type of System: Water, Gas, Sewer, Storm
 - All waste receptors (floor drains, floor sinks, trench drains, etc.)
 - Vent piping and water heater
 - Interceptors and Separators (if applicable)
- 3. Riser drain diagram (Required)
 - Type of System (Water, Gas, Sewer), and Size of piping: include floor drains, floor sinks, and Interceptors (if applicable)
 - Location of connections to sewer, building drains, main water pipe, main gas pipe, etc.
- 4. Plumbing plans drawn to scale, to include location and name of:
 - All** fixtures (toilets, urinals, lavatories, sinks, water heaters, drinking fountains, tubs, showers, floor drains, grease interceptors/separators, etc.)
 - All** equipment and appliances with water, drain, or gas connections (coffee makers, dishwashers, beverage dispensers, steamers, ranges/ovens (all types), griddles, fryers, etc.)
 - Manufacturer's grease, sand, oil, acid waste interceptors/separators sizing criteria, cut sheets and specifications
- 5. Other information may be required to ensure compliance of adopted codes

ACKNOWLEDGEMENT

I, _____ have read the above information and acknowledge that all required documents
