PAVING PERMIT APPLICATION CHECKLIST FOR SIDEWALK/DRIVER APPROACH

REQUIREMENTS OR SPECIAL PROVISIONS

A permit to install paving on city property (drive approach, sidewalk, curb & gutter) will be issued to only a bonded paving contractor.

- 1. site plans, drawn to scale and dimensioned with a North arrow, and showing the location of property lines, the location of all paving work, drive approach radius, median cuts (if applicable), location of utilities, meters, and other approaches, thickness of paving, type of material being used, and size and spacing of reinforcement. **A site plan is not required for installing sidewalks only if it is a replacement.**
- 2. Protected trees that require removal in the process of moving structures will require tree removal permit and mitigation in accordance with Article X of the Land- scape and Tree Preservation Regulations of the Dallas Development Code.

Staff cannot accept incomplete or illegible documents
