FY 2014-15 Community Development Block Grant Extensions and Reprogramming

City Council Briefing – February 4, 2015

Purpose of Briefing

- Review Community Development Block Grant (CDBG) timely expenditure requirements
- Recommend extension and reprogramming of unspent funds
- Review next steps

Timely Expenditure Requirements

- There are two tests to ensure that CDBG funds are spent in a timely manner
 1. U.S. Department of Housing and Urban Development (HUD) as required by federal regulations
 2. City as directed by Council policy

HUD Timely Expenditure Requirements

- HUD requires that CDBG funds be expended in a timely manner
 - Federal regulations limit amount of CDBG funds that may be unspent to no more than 1.5 times grantee's annual grant allocation
 - This requirement is tested annually on July 31st
 - Failure to meet this requirement would result in a reduction of the next annual grant allocation by the amount grantee exceeds 1.5 requirement
- City continues to meet this requirement (last tested on July 31, 2014)

HUD Timeliness Test

City Timely Expenditure Requirements

- In Aug 1993, Council established an additional spending policy for all CDBG projects to further ensure timely expenditure of funds
 - The City policy requires funds to be obligated within 12 months and fully expended within 24 months
- In March 2007, Council added criteria and benchmarks to be used in determining conformity with City's timely expenditure policy (see attachment A)
 - Categorized various CDBG projects based on intended use of funds: (1) On-going Programs, (2) Unspecified Programs, (3) Public Improvement Projects, (4) Non-profit Public Improvement Projects, and (5) Davis Bacon Restitution Funds
 - Set timeframes regarding obligation and expenditure of funds for each category of project
- Council has authority to approve extensions outside of policy and benchmark timeframes

City Timely Expenditure Requirements

- An annual review is conducted to determine the status of each project
- Unspent project funding determined to not meet the City's policy is either reprogrammed as part of next CDBG budget cycle or an extension is required
- Based on review of CDBG projects and timely expenditure policies, City Management's recommended action includes:
 - Unspent funds remaining in 37 projects recommended for extension – total \$6.7 m
 - Unspent funds remaining in 27 projects recommended for reprogramming – total \$1.4m

City Timely Expenditure Requirements

- Reprogrammed funds are identified as a “source of funds” to be included as part of FY 2015-16 CDBG budget recommendation to be presented to CDC on March 5th and to City Council on April 15th
 - Approximately \$1.4m from 27 projects
 - Grant amounts for FY 2015-16 are not yet available. FY 2014-15 grant amount was reduced by 3%; FY 2013-14 grant amount was reduced by 5%
 - City Management recommends continuing the practice of reprogramming funds being used in conjunction with the next year CDBG budget to help cover existing program/project budget needs

City Timely Expenditure Requirements

- Community Development Commission's (CDC) Financial Monitoring Committee reviewed City Management's recommendation on Dec 12th and made no amendments
- On Jan 8th, CDC reviewed and approved Financial Monitoring Committee's recommendation and made no amendments
- Detail information provided in Attachment B

Recommendation

- Consider approval of Feb 11th resolution authorizing extensions of CDBG funds
 - Recommend extension of \$6.7m and 37 projects

Next Steps

- February 11 – City Council consideration of Extension Requests
- March 5 – City Management's recommended FY 2015-16 Consolidated Plan Budget briefed to CDC
- April 2 – CDC recommends FY 2015-16 Consolidated Plan Budget to City Council
- April 15 – FY 2015-16 Consolidated Plan Budget with CDC recommended amendments briefing to Council
- April 22 – Preliminary adoption of FY 2015-16 Consolidated Plan Budget and call public hearing
- May 20 – Council amendments and straw votes on FY 2015-16 Consolidated Plan Budget
- May 27 – Hold public hearing
- June 10 – Final adoption of FY 2015-16 Consolidated Plan Budget

Attachment A

City Timely Expenditure Requirements

Timely Expenditure Requirements

1. On-Going Programs - On-going programs are continuing operating programs that are funded annually
 - Individual program budgets are an annual allocation and include these types of costs
 - Staffing, supplies and materials
 - Contracted services
 - Direct assistance to benefit low/mod clientele
 - Programs are designated in specific categories (Public Services, Housing, Economic Development, Planning & Program Oversight)
 - Following categories have spending caps which limit annual obligation and expenditure of funds
 - Public Services cap - 15% of allocation
 - Planning & Program Oversight cap - 20% of allocation
 - Extension of funds in these 2 categories may cause City to exceed caps and should be considered carefully

Timely Expenditure Requirements

1. On-Going Programs (continued)

Benchmarks:

- Reprogram unobligated funds for all categories of on-going programs at end of fiscal year
 - Exception: allow 2 year period to obligate funds in programs that provide direct assistance to low/mod clientele in non-capped Economic Development and Housing categories
 - These programs include: Home Repair Programs, Reconstruction, Relocation Assistance, Mortgage Assistance
- Extension of encumbered funds will be considered each year in accordance with current policy
- Reprogram unobligated staff and contract costs

Timely Expenditure Requirements

2. Unspecified Programs – Projects that are budgeted without specific details for implementation (examples include Business Development Program, and Residential Development Acquisition Loan Program)

Benchmarks:

- 1 year to identify project
- 1 year to secure additional financing and complete design
- 1 year to initiate implementation or construction
- Annually, extension of funds will be evaluated for project viability and potential for reimbursement of ineligible CDBG expenses to HUD from General Fund
 - Extension recommendation will be submitted to Council for approval, in accordance with current policy

Timely Expenditure Requirements

3. Public Improvement Projects - Capital improvements - Projects generally require more time to implement (examples include Public Improvements in NIP areas, Park Facilities Improvements, City Facilities Major Maintenance)

Benchmarks:

- Specific Public Improvement Projects (project location identified in budget)
 - 1 year for design
 - 1 year to initiate construction
- Non-specific Public Improvement projects (project location not identified in budget)
 - 2 years to identify project(s) and complete design
 - 1 year to initiate construction
- Annually, extension of funds will be evaluated for project viability and potential for reimbursement of CDBG expenses to HUD from the General Fund
 - Extension recommendation will be submitted to Council for approval, in accordance with current policy

Timely Expenditure Requirements

4. Non-profit Public Improvement Projects - Capital improvement projects located at non-profit facilities.

Benchmarks:

- Specific Public Improvement Projects (project location identified in budget)
 - 1 year for design
 - 1 year to initiate construction
- Non-specific Public Improvement projects (project location not identified in budget)
 - 2 years to identify project(s) and complete design
 - 1 year to initiate construction
- Annually, extension of funds will be evaluated for project viability and potential for reimbursement of CDBG expenses to HUD from the General Fund
 - Extension recommendation will be submitted to Council for approval, in accordance with current policy

Timely Expenditure Requirements

5. Davis Bacon Restitution

- Davis Bacon Act requires minimum wage rates for certain construction work classifications
- City staff evaluates contractor's compliance with Act
- To resolve violations, a restitution amount is determined and City or contractor has to contact effected employees
- Payments to contractor are suspended and funds are retained to pay restitution to effected employees
- Restitution funds must be held for 3 years, beginning from 1st documented notification to employee (escrow period)

Benchmarks:

- Unclaimed restitution funds will be reprogrammed at end of project's 3 year escrow period

BUDGET WORKSHOP #3
FY 2015-16 BUDGET UPDATE

Purpose of Briefing

- Recap council discussion from retreat held on January 15 & 16 at Trinity River Audubon Center
- Provide staff take-aways and next steps related to the discussion
- Appendix
 - Budget Schedule
 - Citizen survey summary

January 2015 Council Retreat

- Council retreat provided council members an opportunity to give early, high level input into “big rocks” and FY 2015-16 budget development
- Following topics discussed:
 - 1) New Economy, New Visions
 - 2) Code Compliance Department *
 - 3) Police Department *
 - 4) Technology Update and Trends in Government
 - 5) Budget development goals and prioritization of departments

* Note: Both Code and Police departments are receiving additional scrutiny this year through the Sunset Review process.

Topic #1: New Economy, New Visions

- Identify two take-aways from presentation
 - Big Ideas – Small Areas, i.e. West End Market-Brewery
 - Entice younger people to Dallas to attract the companies
 - More small projects
 - Clean up- what's next
 - Wrap around support
 - More young smart people
 - Grow universities
 - New schools
 - 14 local activation pilot projects
 - Compete
 - Pop-ups
 - Find right leaders

New Economy, New Visions

- Additional thoughts expressed
 - Economic data discussed was regional more than City specific
 - Masks Dallas' issues (declining median income, increasing poverty rate/wealth gap)
 - Education/skills training emphasis
 - Not a recruiting issue today, but will be if not addressed
 - Many high paying jobs are held by non-Dallas citizens

New Economy, New Visions

- Additional thoughts expressed (continued)
 - Quality of life and urban focus
 - Key to sustainable growth
 - Need viable urban option within region
 - Ripple effect of downtown redevelopment on surrounding neighborhoods is significant
 - Important to fully support catalyst projects (Farmer's Market, 1401 Elm, Statler Hilton, etc.) because of overall impact
 - Marquee projects and targeted business recruitment best when combined with neighborhood focus
 - Leveraging education collaboration and medical assets requires strong leadership
 - Most strategies used in Memphis are also being implemented in Dallas; but NYC not necessarily a good comparative model

New Economy, New Visions

- Approach for moving forward
 - Attract more smart young people to Dallas which, in turn, will attract companies and stimulate new school development
 - Grow universities: lobby legislature regarding Tier 1 research university in North Texas; funding for downtown UNT law school; funding for UNT-Dallas campus expansion
 - Keep big ideas/projects, but support more small projects in focused geographic areas to achieve optimal impact
 - Emphasize a more holistic approach to community development through rollout of Neighborhood Plus Plan
 - Activate pilot projects throughout the City (pop-ups, etc.)
 - Build upon Grow South initiative with continued emphasis on clean up and building neighborhood organizations

New Economy, New Visions

- Approach for moving forward (continued)
 - Improve internal coordination
 - Development service reviews
 - Collaborative approach to major initiatives

Topic #2: Code Compliance

- **#1: Which code regulations would you like to stop doing?**
 - Review all code sections and ordinances for possible suspension
 - Prioritize enforcement
 - Create a matrix from ease to severity/intensity
- **#2: Which code regulations need to be modified in our approach to enforcement?**
 - Faster enforcement
 - Compress process
 - Stricter/consistent compliance
 - Housing infill
 - Get lots back under new development
 - Make available free with conditions
 - What more can we do within current state law for more impact?
 - With regards to illegal dumping, what alternatives for bulk/brush collection frequency?

Code Compliance

- #3: Which code regulations do you want focus on?**
 - Illegal dumping
 - Multitenant housing inspections
 - Assess which violations have greatest cost to abate or impact to neighborhoods

Code Compliance

- Approach for moving forward
 - ▣ Broaden education outreach
 - District-by-district approach based on the needs of the district (examples - water conservation in North Dallas, illegal dumping in South Dallas)
 - ▣ Review ordinances for possible suspension and/or for prioritized enforcement
 - Create a matrix comparing Ease of Enforcement and Severity/Intensity
 - Did the ordinance solve the problem?
 - If yes, do we need to keep it? (example - vacant buildings)
 - ▣ Investigate ways to speed up enforcement activities
 - What can we do to enhance current State Laws related to enforcement?
 - What is governed by State law vs. City Council?
 - Shorter re-inspection time for more severe notices of violation (example - weeds above 2 feet, litter and debris on >50% of property, violations next to a school or business, etc.)

Code Compliance

- Approach for moving forward (continued)
 - Develop risk-based approach for restaurant inspections
 - Work with Sanitation department as they prepare alternatives for bulk/brush collection frequency, cost, model, etc. to reduce illegal dumping
 - Sanitation department briefed the Quality of Life Committee on 1/26/15 and expects to brief specifically on bulk/brush collection in February
 - Work with Center for Community Progress on recommended strategies to address property blight, vacancy and abandonment
 - Change department mission by adding “enriching” to the statement
 - Our mission is to foster clean, healthy, safe, enriching communities while preventing physical blight from Dallas neighborhoods

Topic #3: Police Department

- **#1: Is a lower ratio acceptable? If so, what ratio? And can PSOs count?**
 - Yes (lower ratio) (table 2)
 - No (lower ratio) (table 3)
 - 2.66 (table 2)
 - 2.74 (table 3)
 - Yes (counting PSOs) (table 2)
 - No (counting PSOs) (table 3)
 - Per shift, have a certain number of sworn officers & a certain number of PSOs
- **#2: Continue to invest in technology and infrastructure?**
 - Yes, increase technology and improve technology infrastructure
- **#3: Should quality of life calls be upgraded to higher priority?**
 - Ask reserve officers to handle category 4 calls
 - Explore using marshals to augment our force

Police Department

- Majority of Council members expressed desire to slow the growth in Police Department's expenses, however, no consensus on how to achieve this
 - Given the fact that personnel expenditures account for 91% of the Police Department's budget, reductions in the growth of personnel expenditures will be necessary
- Clarification is needed
 - Is it acceptable to replace sworn officers with public safety (civilian) officers?
 - Is it acceptable to use sworn officers plus public safety (civilian) officers to achieve a ratio of officers per 1,000 population?
 - Is it acceptable to reduce the ratio of officers per 1,000 population?
 - What ratio of officers per 1,000 population is acceptable?

Topic #4: Technology Update and Trends

- **#1: What are top priorities for IT outside of city hall and with the citizens?**
 - First make people aware of what we do have & make more accessible (WIFI - \$500K, Website, Etc.)
 - Upgrade communication infrastructure (fiber with street improvements)
 - More system computing capacity
 - Proceed with disposition of mainframe & phone switch
- **#2: What is best opportunity/investment in technology to deliver value in next year's budget?**
 - City-citizen communication/feedback
 - Traffic automation
 - Technology to improve service delivery (application communication plan)
 - Website
 - Hot spot strategy
 - Make Jefferson (Building Inspection at Oak Cliff Municipal Center) totally electronic (front & back office)

Technology Update and Trends

- **#3: How do we leverage technology to promote economic development?**
 - Push more City data into open, while assuring privacy
 - How to use tech to allow citizens to give City input on economic development
 - How do we push information out to all
 - Have staff focus on one thing such as e-filing at Jefferson (Building Inspection at Oak Cliff Municipal Center) and cross-out all other items

Technology Update and Trends

- Approach for moving forward
 - Develop a Strategic IT Plan – continue work with Gartner on the strategic IT plan which will be completed Spring 2015
 - Invest in technologies and IT services that support doing business with citizens online, and that transform and automate internal city services to improve efficiencies
 - Continue to promote and use technology for citizen engagement in communication and feedback
 - Manage IT priorities; avoid over committing CIS resources
 - Update City of Dallas website (dallascityhall.com), and emphasize content
 - Invest in technologies that help us leverage data to make better and more timely decisions, and continue to make City data available to the public
- Bottom line – invest in technologies that maximize the opportunities to better serve the citizens and that create efficiencies with our internal operations
