Memorandum

DATE October 16, 2015

Members of the Budget, Finance & Audit Committee: Jennifer S. Gates (Chair), Philip T. Kingston (Vice Chair), Erik Wilson, Rickey D. Callahan, Scott Griggs, Lee M. Kleinman

SUBJECT Quarterly Investment Report as of September 30, 2015

The City of Dallas Investment Policy, in accordance with the Texas Public Funds Investment Act, requires that the City Council and City Manager receive quarterly investment reports. The purpose of this report is to provide a means for Council members, Council committee members and staff to regularly review and monitor the City's investment position and to demonstrate compliance with the City's Investment Policy and the Public Funds Investment Act. Summary reports on each of the City's portfolios are included as well as summary information on the portfolio as a whole.

For the quarter ended September 30, 2015 the City's individual portfolios and the combined portfolio are in compliance with the relevant provisions of the Public Funds Investment Act and the investment strategies adopted in Sec. 17.0 of the City's Investment Policy.

Please let me know if you need additional information.

QUARTERLY INVESTMENT REPORT

September 30, 2015

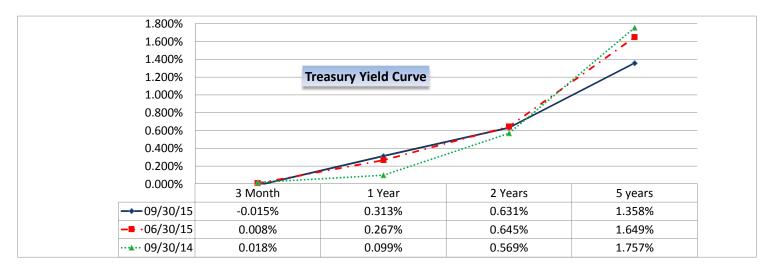

Quarterly National Economic and Market Update Quarter Ended September 30, 2015

- Economic activity is expanding at a moderate rate. Household spending and business fixed investment have been increasing moderately, and the housing sector has improved further; however, net exports have been soft. The labor market continued to improve, with solid job gains and declining unemployment.
- Inflation has continued to run below the Federal Open Market Committee's (FOMC's) 2 percent longer-run objective, partly reflecting declines in energy prices and in prices of non-energy imports.
- Recent global economic and financial developments may restrain economic activity somewhat and are likely to put further downward pressure on inflation in the near term.
- The FOMC anticipates that it will be appropriate to raise the target range for the federal funds rate when it has seen some further improvement in the labor market and is reasonably confident that inflation will move back to its 2 percent objective over the medium term.

^{*}Unrealized gain/loss is the difference between the market value and book value and does not represent an actual gain or loss. Gains and losses are realized only when a security is sold prior to maturity. Since it is the City's practice to hold investments until they mature, the temporary gains and losses are unlikely to be realized.

City of Dallas

Strategy Statement and Compliance by Portfolio

As of: 06/30/15 - 09/30/2015

STRATEGY COMPLIANCE STATEMENT

For the quarter ended September 30, 2015 the portfolios are in compliance with the relevant provisions of the Public Fund Investment Act and the investment strategies adopted in Sec. 17.0 of the City's Investment Policy.

STRATEGY STATEMENT BY PORTFOLIO

1) City's Investment Pool

The City's Investment Pool is an aggregation of the majority of City funds that includes tax receipts, enterprise fund revenues, fine and fee revenues, as well as some, but not all, bond proceeds, grants, gifts and endowments. This portfolio is maintained to meet anticipated daily cash needs for City of Dallas operations, capital projects and debt service. In order to ensure the ability of the City to meet obligations and to minimize potential liquidation losses, the dollar-weighted average stated maturity of the Investment Pool shall not exceed 1.5 years.

2) Convention Center Bond Reserve and Water Bond Reserve

Non-pooled reserve funds for outstanding revenue bonds (Convention Center and Water) are set at levels required by their respective bond ordinances. These funds will be used to pay principal and/or interest at final maturity or if called prior to final maturity.

3) Art Endowment

The Art Endowment Fund was created by the City from a \$1,285,026 repayment to the General Fund from the Convention Center. Pursuant to Resolution No. 84-311 dated September 26, 1984, this endowment fund was created to provide additional monies for the arts, not to replace the current level of support. Funds received as gifts to the City with instructions that the income generated by the investment of said funds be used for specified purposes are invested as separate non-pooled portfolios in order to maximize return.

4) Ida Green Library Endowment

The Ida M. Green Endowment Fund was created with the proceeds from the sale of stock from the estate of Ms. Green pursuant to Resolution No. 87-0836. Its purpose is to provide funds for the operating and capital expenses of the library's Texas Center for the Book and Children's Center. Funds received as gifts to the City with instructions that the income generated by the investment of said funds be used for specified purposes are invested as separate non-pooled portfolios in order to maximize return.

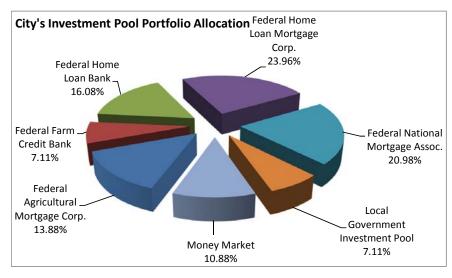

5) DWU Commercial Paper Program and GO Commercial Paper Program

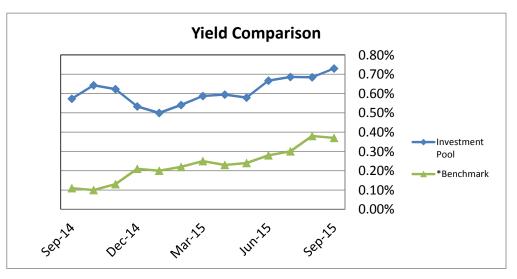

The City issues tax-exempt commercial paper notes as an interim financing tool for construction and capital projects. Proceeds from the issuance of commercial paper debt must be liquid in order to fund periodic payments to contractors and may be invested in tax-exempt securities in order to avoid costly and complex arbitrage rebate computations. In order to meet these objectives, commercial paper proceeds may either be invested in tax-exempt securities or expended subject to a reimbursement program.

6) Trinity Parkway Escrow

The Trinity Parkway Escrow portfolio was created with the deposit of \$5,000,000 on November 16, 1999 in an escrow account in accordance with an agreement dated as of January 1, 1999 between the City and the North Texas Tollway Authority ("NTTA") pertaining to development of the Trinity Parkway. A subsequent deposit of \$4,500,000 was made in June 2009. These funds will be used to reimburse NTTA for specified payment related to project feasibility. Permitted investments for this account are defined in the Escrow Agreement as those that are consistent with the Public Funds Investment Act.

^{*}As per Section 17.1 of the City's Investment Policy, the benchmark for the Investment Pool is the 12-month moving average yield on treasury 1-year constant maturities as reported by Federal Reserve Statistical Release H.15.

^{**} Unrealized gain/loss is the difference between the market value and book value and does not represent an actual gain or loss. Gains and losses are realized only when a security is sold prior to maturity. Since it is the City's strategy to hold investments until they mature, the temporary gains and losses are unlikely to be realized.
