3. Interagency Transportation Report for January

Presenter(s): Lee M. Kleinman, Chair

Action Taken/Committee Recommendation(s): Councilmember Greyson noted that Pete Kemp is a woman rather than a man, as indicated in the report. Information only.

4. I-30 East Project Update

Presenter(s): Michael Rogers, Director, Department of Transportation

Action Taken/Committee Recommendation(s): Several Councilmembers expressed concerns over the maintenance costs and funding sources for the deck parks and green spaces proposed in the briefing. The Committee recommended that the responsibilities for maintenance be clearly outlined in the initial agreements. Councilmember Callahan asked that a deck park at Fair Park and in the Cedars be considered, along with the addition of a DART line along I-30. He also expressed concern with the addition of smaller green spaces and suggested that wider sidewalks and additional lanes for pedestrians and cyclists may be preferable. Councilmember Atkins asked about the street grid, an economic development study, and a feasibility study for a multi-modal facility. Councilmember Kleinman recommended that public transit be considered in the initial design process but underlined the City’s support and resolution for expanded bus service from DART. The Committee was largely supportive of the guiding principles and asked that staff continue pushing for the best possible transportation outcomes for all stakeholders. A motion was made to move the guiding principles and resolution forward to the full City Council.
