2. Dallas Police Department Crime Report

Presenter(s): Police Chief David O. Brown, DPD

Information Only:

Action Taken/Committee Recommendation(s):

This briefing provided the committee with an update on the Crime Report for January 1, 2016 – March 27, 2016. Council Member McGough pointed out that the data being presented on the criminal nuisance abatement (S.A.F.E.) cases shows his district having one open case but he has an activity sheet that shows 15 open cases. He would like staff to provide some clarity of the active (open) criminal nuisance abatement (S.A.F.E.) cases he has in his district. Council Member McGough also has concerns about the transparency of the crime stats. Chief Brown informed the committee that DPD is in the process of transitioning to a new system called Incident Base Crime Reporting. This new system will include 40 additional crime types to the seven major crime types already being presented in the current crime report.

Council Member Young asked about the requested data regarding S.A.F.E. cases. Staff is currently working interdepartmentally on a more strategic way to capture the data related to S.A.F.E. cases and will provide the committee with recommendations on how to move forward with the program. She would also like an update on the S.A.F.E. case located at Holmes and MLK.

Council Member Kingston would like to see the data on the rising crime rate across the country. There was discussion on the increased criticism of police officers and the danger of the job. He would like to see this data for 2016. Even with DPD's new initiatives being presented to help reduce violent crime, Council Member Kingston would like staff to present to the committee a long-term strategy this year.

4. Communications Operations Center (Handling Calls for Service)

Presenter(s): Major Elaine Page, DPD
Information Only:

Action Taken/Committee Recommendation(s):
This briefing provided the committee with an overview of the Communications Operations Center. Council Member Gates would like the call volume number for DFR and the DPD data over time for the mental health (Signal 46) calls. Council Member McGough mentioned sending out a text message to callers upon dispatch. Chief Brown talked about "Text to 911" and how staff has been working with CIS. This will be a future briefing to the committee to provide an update.

Council Member Young would like to see continuing education/training both on the 911 call takers side and at the community meetings about when an officer is dispatched versus not dispatched. Chief Brown stated that DPD currently doesn't have a group that comes out to provide training from 911 but this will be something that he will implement. Council Member Greyson requested a briefing on the CIS upgrades to the 911 call system. Council Member Kingston would like to have the data for the "frequent flyers" on Signal 46.

7. Jack Evans Security Enhancements

(Executive Session – Pursuant to Section 551.076 of the Texas Open Meetings Act)

Presenter(s): Council Member Medrano, Chair

Information Only:

Action Taken/Committee Recommendation(s):

Council Member Medrano called the committee into executive session at 1:04 P.M. for a discussion with Assistant Director of Public Works, Zaida Basora, regarding the security audit of the City of Dallas Police Department facilities.

Council Member Medrano called the committee back into open session at 1:45 P.M.

Council Member Kingston moved to forward the Jack Evans lobby proposal to full council for an action item without the committee's current recommendations for approval subject to the committee receiving their individual briefings from ACM Eric Campbell. Also, on the same action item he would like the Council briefed and allowed to consider for approval the sub-stations lobby items that were presented.

Tobacco & Paraphernalia Shops

Public Safety Committee
April 11, 2016

Background

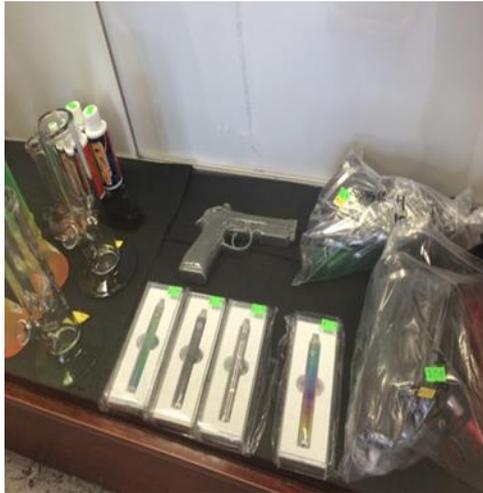

- The general merchandise or food store use in Chapter 51A captures many retail uses, including those that sell tobacco products and paraphernalia (pipes and other accessories).
- Currently Chapter 51A does not have either a
 - Smoke shop use or
 - A paraphernalia shop use
- Chapter 12B requires Convenience Stores to register
- Chapter 31-32.1 prohibits illegal smoking products and related paraphernalia.

Issues

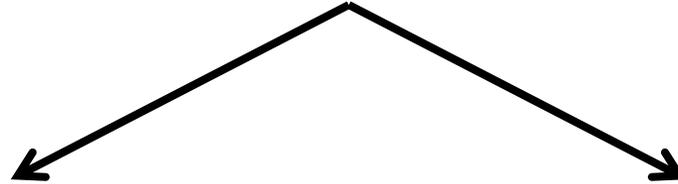

- Problems identified with general merchandise or food store uses that sell tobacco and paraphernalia products include:
 - Illegal activities such as gambling, K2/drug sales, trespassing, and prostitution.
 - Lack of registration or compliance with Chapter 12B, "Convenience Store."

Option

1st Prong

- Add tobacco products to the convenience goods definition in Dallas City Code Chapter 12B – Convenience Store Registration.
- Require general merchandise or food stores under 10,000 square feet that sell tobacco products to also register as a convenience store.
 - Benefits:
 - Requires criminal trespass affidavits, surveillance cameras, alarm system, drop safe, visibility through front windows, and employee safety training.
 - Existing locations would have register within 90 days.
 - Know their locations.
- Amend other provisions in Chapter 12B to improve the current program.

Option

2nd Prong

- Create a paraphernalia shop land use.
 - Define the use;
 - Prohibit it as an accessory use;
 - Establish distance requirements from other uses and/or districts;
 - Establish distance requirements between shops; and
 - Decide what district allowed by right? By SUP?
- Consider a registration program for these uses similar to the Chapter 12B Convenience Store Registration or incorporate into 12B.

Next Steps

Amend Chapter 12B Convenience Store Registration

- Dallas Police Department
- City Attorney's Office

To:

- Public Safety Committee
- City Council

Amend Development Code to create paraphernalia shop use

- Department of Sustainable Development & Construction
- City Attorney's Office

To:

- Zoning Ordinance Committee
- City Plan Commission
- Quality of Life & Environment Committee
- City Council

Dallas City Code

Chapter 12B Convenience Store

ARTICLE I.

GENERAL PROVISIONS.

SEC. 12B-1. PURPOSE OF CHAPTER.

The purpose of this chapter is to protect the health, safety, and welfare of the citizens of the city of Dallas by reducing the occurrence of crime, preventing the escalation of crime, and increasing the successful prosecution of crime that occurs in convenience stores in the city. To this end, this chapter establishes a registration program for convenience stores and provides requirements relating to surveillance camera systems, video recording and storage systems, alarm systems, drop safes, security signs, height markers, store visibility, safety training programs, and trespass affidavits. (Ord. 27293, eff. 10-15-08)

Dallas Fire-Rescue Department Portable Radio Inventory

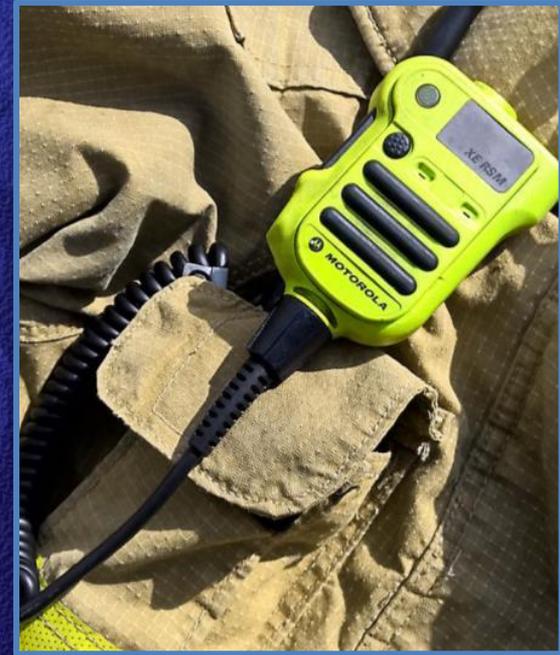

Public Safety Committee

April 11, 2016

Purpose

- Dallas Fire-Rescue Department's (DFR) portable radio inventory overview
- Fire service design requirements
- Discuss radio interoperability
- In-building radio coverage
- Field communications support

Portable Radio Inventory

- Inventory includes 966 portable radios
- Entire inventory acquired in 2012 – To meet Federal Communications Commission (FCC) narrowband frequency use mandate

Unique Requirements - Fire Service

- Not just for dispatch – Crucial tool used for effective tactical operations
- Lifeline for firefighters engaged in hazardous environments

Unique Requirements - Fire Service

- Radio Design and Ergonomics – Durability as well as accessible controls use is critical
- Programming – Radio features tailored for use in hazardous environments, while wearing firefighting ensembles

Unique Requirements - Fire Service

- Radios assigned to positions rather than persons
- Inventory control procedures employed daily
- Backup radio equipment is always available if needed

Radio Interoperability

- Dallas radios used for Mutual Aid and Auto Assist (AAA) communications with other agencies (Plano Fire Dept., Duncanville Fire Dept., etc.)
- Coordinate for radio channel sharing with neighboring agencies (Mutual Aid and AAA)

In-Building Radio Coverage

- Need for coverage inside of structures: Building size and construction features hinder effective communications
- Below ground: Communications are also hindered
- Radio enhancement systems

Field Communications Support

- Deployable portable radio cache – Radios must be constantly maintained and conditioned
- Utilized for special events (e.g., Super Bowl, JFK Presidential Commemoration, etc.)

Field Communications Support

- Deployable repeater to boost radio signal communications
- Enhanced service for planned events

Dallas Firefighter's Museum

Public Safety Committee
April 11, 2016

Fair Park Fire Station

The mission of the Dallas Firefighter's Museum is to provide the City of Dallas a well-attended historical and educational asset. The Museum will teach fire safety, honor fallen heroes of the Department and preserve firefighting heritage.

- Fair Park Fire Station opened in 1907
- All construction materials came from the State of Texas
- Originally housed a hose wagon, 12 firefighters and 5 horses
- The first horse hospital in Dallas
- Planning for a Museum began in 1966
- Museum officially founded in 1972 with a Board of Directors and By-Laws
- Designated a Dallas Historic Landmark, 1976
- Over 2,000 artifacts and apparatus-film, photos, tools, trucks, engines

Old Tige

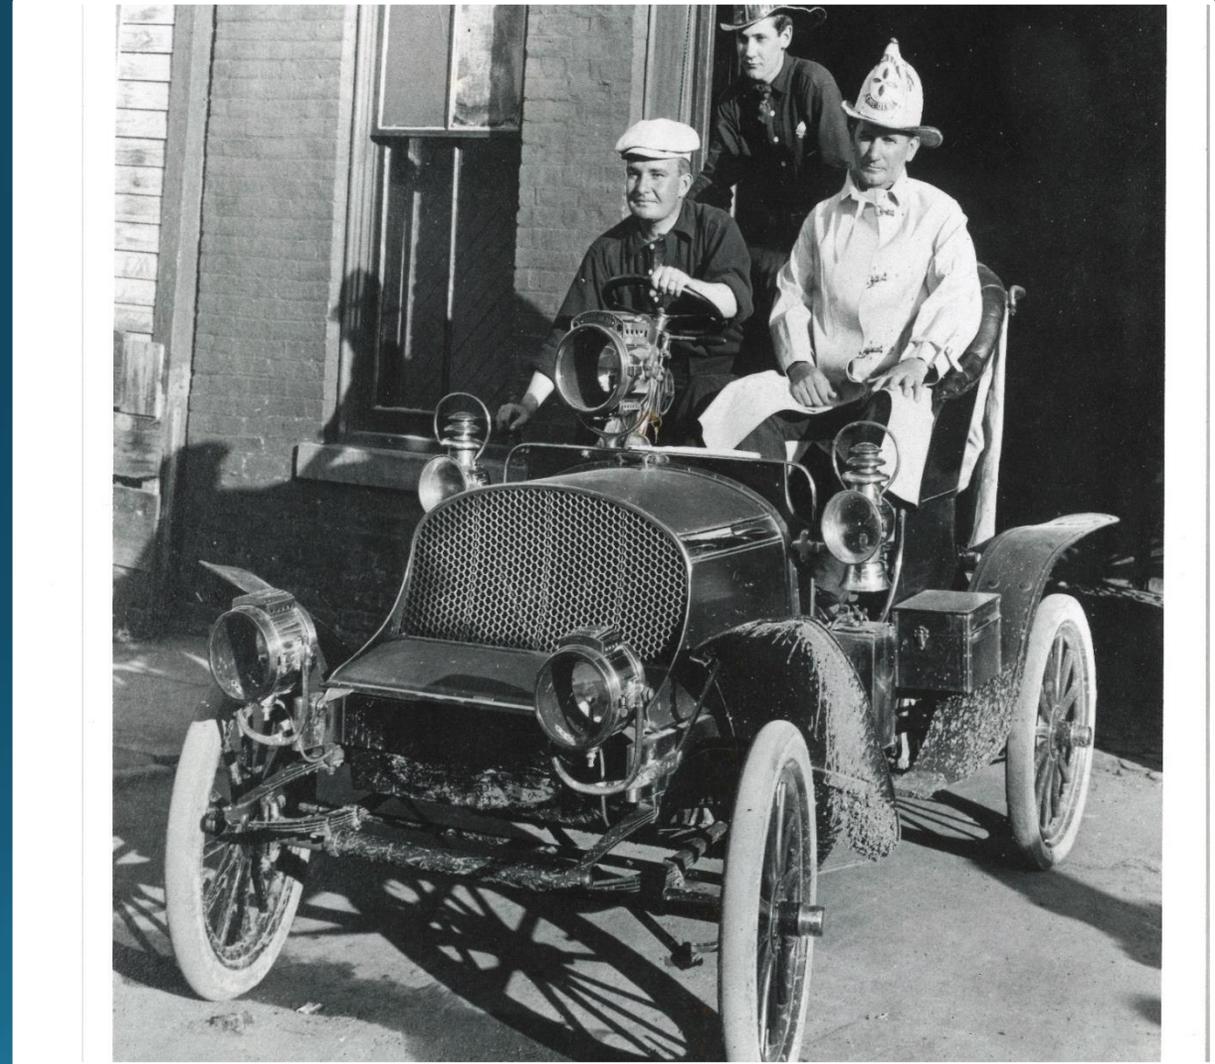

Museum's historic horse-drawn steam pumper was named Old Tige, after Dallas Mayor Cabell's nick name in the Civil War.

It is one of only three steam pumpers of its kind remaining.

Museum History

- The Dallas Firefighter's Museum is located across from Fair Park
- Original home to #3 Hook and Ladder and Assistant Chief 3
- Joint venture of the City of Dallas, the Dallas Fire-Rescue Department and a non-profit 501(c) 3
- Museum began using the Station under a letter of agreement in 1971 from City Manager W.S. McDonald
- Operated by the Dallas Firefighter's Museum, Inc.

Current Operations

- Volunteer Board of Directors
- Paid Curators (retired Dallas Firefighters)
- Operates Museum Gift Shop
- Retirees' Annual Luncheon
- Launched Annual FireFest Event to Showcase Museum and Bring Community Together
- Firefighter and Neighborhood Christmas Party with Mr. and Mrs. Claus

Teaching Fire Safety

- Hosted over 3,500 guests, 1,513 Children (42%)
- Created Interactive Safety Video with Caricature of Old Tige-Teaching Children About Safety in the Home
- Partnership with UNT's Portal to Texas History-Preserves Museum's Film Archives, While Allowing Researchers Access
- Educational Joint-Venture with Dallas Fire-Rescue Educators for Special Events and Tours Expanding Outreach to Children and Families

Looking Ahead

- Plan to Restore Façade and Renovate Interior, Create Fire and Life Safety Center
- Remodeling Back to Original 1907 Façade
- 2 Exterior Elevations - Completed

Narrative	<p>This fire is undetermined contingent upon the results of the on-going investigation. The fire originated in or around the dressing room of this strip club and traveled down the adjacent hallway before causing major damage. The preliminary investigation revealed that the fire self-extinguished and was contained to the structure. As a result, the fire was not called in but was discovered later that afternoon by a club employee. This fire remains "under investigation". Engine 47 was the first responding company.</p>		

Memorandum

DATE: April 8, 2016

TO: Honorable Members of the Public Safety Committee:
Adam Medrano (Chair), B. Adam McGough (Vice Chair), Sandy Greyson, Tiffinni A. Young,
Jennifer S. Gates, Philip T. Kingston

SUBJECT: **Upcoming Agenda Item #21: Authorize (1) Supplemental Agreement No. 2 to increase the construction contract for additional upgrades to the security system at various City facilities; and (2) extend the term of the contract**

The April 13, 2016 Council Agenda will include an item to authorize Supplemental Agreement No. 2 with Schneider Electric Buildings Americas, Inc. to increase the construction contract in an amount not to exceed \$203,700 for additional upgrades to the security system at various City facilities and to extend the term of the contract from April 2016 to October 31, 2016.

On April 8, 2015, City Council authorized a construction contract to renovate, upgrade and expand the security system at Dallas City Hall. During the course of executing the initial construction contract, it became apparent there was a need to either modify, add and/or integrate new security devices at the Oak Cliff Municipal Center, WIC Call Center, Municipal Courts, Central Library, Streets Department Administrative Office Building, Traffic Operations Building, Radio Shop, Bullington Truck Terminal, and Sanitation Services 3112 Canton. This supplemental agreement seeks to provide new devices and software to enhance security measures.

The additional work will include card readers, cameras, and software licenses at various facilities. This change order will allow the City to tie-in existing stand-alone systems into a centralized system resulting in more effective monitoring and more cost effective maintenance. The implementation of these security upgrades will provide better protection for our City facilities and staff.

Please contact me or Errick Thompson at (214) 670-0196 if you have any questions.

CITY OF DALLAS

DATE: April 8, 2016

TO: Honorable Members of the Public Safety Committee:
Adam Medrano (Chair), B. Adam McGough (Vice Chair), Sandy Greyson, Tiffinni A. Young,
Jennifer S. Gates, Philip T. Kingston

SUBJECT: **Upcoming Agenda Item 22: Authorize (1) acceptance of Tactical Tender apparatus purchased by Texas A&M Forest Services under the Texas Intrastate Fire Mutual Aid System Grant Assistance Program; and (2) execution of the grant agreement, subject to the Supplemental Terms and Responsibilities Agreement under the TIFMAS Grant Assistant Program**

An application by the City of Dallas Fire-Rescue Department (DFR) for a Tactical Tender Apparatus ("Apparatus") under Texas Intrastate Fire Mutual Aid System (TIFMAS) Grant Assistance Program has been approved.

The grant will pay 100% of the cost of a fully equipped Type 6 Engine, including an installed radio package and loose equipment complement. The Texas A&M Forest Service will order the truck through the state or federal contract purchasing process and will pay the selected vendor. DFR will own the truck subject to the Supplemental Terms and Responsibilities Agreement.

DFR will enhance its ability to quickly provide water to a fire in remote locations. Examples include:

- Fires in the Trinity Forest and river bottom area,
- Getting water quickly to vehicle fires on elevated roadways not easily accessible to fire hydrants,
- Incorporating into our aircraft down plan and,
- Pre-staging any time a major water main ruptures cutting off supply to a portion of the City.

The State will have a resource available to deploy, as needed, in statewide emergencies that requires multiple apparatus response and assistance to other fire departments through mutual aid. Attached you will find an example of this type of vehicle.

The Dallas Fire-Rescue Department is seeking the support and recommendation from the Public Safety Committee to authorize the acceptance of the Tactical Tender apparatus and execution of the Supplemental Terms and Responsibilities Agreement. This item will be placed on the April 13, 2016, City Council Agenda.
