Committee Action Matrix

2) **Councilmember Felder expressed concern about a Bucker Terrace constituent who calls the Dallas Police Department (DPD) and is routed to the Mesquite Police Department. Please work with cell phone companies and towers to ensure his call goes to DPD. Staff will provide a follow-up once conversations with cell pone companies have been completed.**

In reference to the issue raised by Councilmember Felder at the Public Safety Committee regarding Buckner Terrace and cell phone calls to 911, Major Israel Herrera has reached out to our CIS Telephone Team and they have not had any issues or complaints regarding cell phone coverage from that area from any of the providers. At times, cell phones can respond to the nearest tower (depending on the provider) and be received by another agency/jurisdiction that may border each other. When this happens to callers from other jurisdictions who have reached the City of Dallas in lieu of their city, our operators will stay on the line with the caller and transfer them to the correct jurisdiction. Once the correct jurisdiction is on the line, we provide the Automatic Location Information (ALI) and Automatic Number Information (ANI) in the event the call is dropped. This practice is a standard in the industry.
