13 - Jennifer Gates	23,026
14 - Philip Kingston	13,176
*N/A	248,020
Total	718,088

*includes out of Dallas and bad addresses

4) Provide an update on the progress for police substations security improvement projects.

Provided on February 26, 2018

EBS and DPD are meeting to further discuss and agree on fence design details. Staff will schedule a meeting with Council Member Greyson the week of February 26th to discuss the North Central substation. Funding is confirmed, and construction is anticipated to begin at as many as four substations over the next two to four weeks with a duration of two to four weeks at each substation (subject to weather). Fencing at the remaining three substations will follow with completion at all seven substations anticipated in June. The Committee will receive an update at the next meeting in March. Updates on bollards and other safety improvements will be implemented under separate contracts and staff will provide subsequent updates covering those.

Provided on March 26, 2018

Construction is currently underway at the Dallas Police Department South Central substation. The contractor has located the utilities and begun installation of temporary fencing to demolish the existing fencing. Electrical installation for powering the access gates is also underway. Installation at the Northeast Substation is scheduled to begin March 30th. Construction at the Central, Southeast, Northwest, Southwest, and North Central substations will follow with an anticipated completion of all seven by June 2018. All construction schedules are subject to weather.
